

To whom it may concern,

This is to certify that Federico Landi has successfully completed the examination session (1 hour) at the International Computer Vision Summer School, held in Sicily, Italy from the 7th of July to the 13th of July 2019. The examination paper was related to the courses (30 hours) delivered by the following world-renowned experts in the field, from both academia and industry:

- Alexei Efros, UC Berkeley, US
- Irfan Essa, Georgia Institute of Technology and Google Research, US
- Andreas Geiger, University of Tübingen and MPI-IS Tübingen, DE
- Kristen Grauman, University of Texas at Austin and Facebook AI Research, US
- Abhinav Gupta, Carnegie Mellon University, US
- Phillip Isola, Massachusetts Institute of Technology, US
- Alex Kendall, Wayve and University of Cambridge, UK
- Ira Kemelmacher-Shlizerman, Allen School of Computer Science, UW, US
- Jitendra Malik, University of California at Berkeley, US
- Richard Newcombe, Facebook Reality Labs, US
- Torsten Sattler, Chalmers University of Technology, SE
- Davide Scaramuzza, ETH Zürich, CH
- Bernt Schiele, Max Planck Institute, DE
- Stefano Soatto, Amazon and University of California Los Angeles, USA
- Federico Tombari, Technical University of Munich, DE

The courses have covered both theoretical and practical aspects of real Computer Vision problems as well as examples of their successful commercialization.

Sicily, July 13, 2019

The School Directors

Prof. Sebastiano Battiato

Prof. Roberto Cipolla

Dr. Giovanni Maria Farinella
